Public school districts are required to provide this report to parents and others upon request. This report card includes information about your school and district. Information about the students' performance on the Illinois Standards Achievement Test (ISAT) shows what percentages of your school's students are meeting the Illinois Learning Standards in reading, writing, mathematics, science and social science.

ISAT, staffing and financial indicators are based on data from all public schools, including those that are special-purpose. All other indicators are based on data from regular public schools only. Data from private schools are not included in this report card.

Romona Elem School is in an Elementary district.

Generally, elementary districts have grades prekindergarten through eight; high school districts have grades nine through twelve; and unit districts have grades prekindergarten through twelve.

SCHOOL DISTRICT'S FINANCES

AVERAGE FINANCIAL INDICATORS

Equalized assessed valuation (1997) includes all computed property values, less homestead exemptions and adjustments for tax abatements, upon which a district's local tax rate is calculated.

Total school tax rate (1997) is a district's total tax rate as it appears on local property tax bills.

Instructional expenditure (1998-99) includes the direct costs of teaching pupils or the interaction between teachers and pupils. Instruction has a very narrow and restrictive definition.

Operating expenditure (1998-99) includes Instructional Expenditures, costs of Pupil Support Services, Instructional Staff Support Services, School Administration, Business Support Services, Central Support Services, Community Services, Debt Services, Payments to Other Governmental Units for Services Provided, and Central Administration Services.

All the above financial indicators were divided by the 9-month Average Daily Attendance to derive the per pupil figures.

ACADEMIC PERFORMANCE

When interpreting the achievement data of smaller schools or districts, please note that the performance of a small number of students can substantially affect a school's achievement data. Thus, changes from one year to the next may be due to changes in the performance of a small group of students.

ILLINOIS STANDARDS ACHIEVEMENT TEST (ISAT)

Students at the following grade levels took the Illinois Standards Achievement Test (ISAT). The following table reports the school enrollment for each grade by the total number of students, students with an Individualized Education Program (IEP) and students without an IEP. A student with an IEP has a disability and is required to have a written statement of needed special education and related services that must be provided to the child under the *Individuals with Disabilities Education Act (IDEA)*.

The following tables show the percentages of your school's students in each of four performance levels. These levels were established with the help of Illinois educators who teach the grade levels and learning areas tested.

- Level 1 – **Academic Warning** – Students' work shows an inconsistent command of the basic knowledge and skills. Students have major gaps in their knowledge and skills and little ability to apply them. They may have serious errors or misunderstandings.
- Level 2 – **Below Standards** – Students' work shows basic knowledge and skills in the learning area. However, students have some gaps in their learning and can apply it only in limited ways.
- Level 3 – **Meets Standards** – Students' work shows that they have knowledge and skills in the learning area. Students consistently use and apply their knowledge and skills to solve problems.
- Level 4 – **Exceeds Standards** – Students' work is outstanding and shows comprehensive knowledge and skills in the learning area. Students consistently use their knowledge and skills to solve problems and evaluate the results.
